United States Marshal Browster's

IN FOILING A BAD

He Wanted to Make a Break for Liberty but Was Neatly Fooled

Deputy United States Marshal Brewster thinks he escaped having a thrilling experience with a prisoner last Sat-urday, while on his way from St. Ignace to Marquette. He was en route with Burney Williams, who had been held for trial on a charge of having robbed the Mackinac Island postoffice on the night of September 17, when it was broken into and \$1,000 stolen. While on the way to Marquette the officer took his prisoner into the dining car to get a luoch. Williams requested that the handcuffs he removed while eating, and the officer, noticing that he acted strangely, searched him before removing the trons. He found a 35 calibber revolver in Williams' overcout pocket which the officer thinks was dropped in there by some of the prisoner's friends at the depot before starting for Marquette. It is thought Williams intended to make a break for liberty as soon as the handcuffs were removed but the officer's presence of mind foliced his plans. Williams gave his residence as Kansas City and was arrested a few days ago in Detroit. He has been identified as one of the three pirates with whom a posse into and \$3,000 stolen. While on the of the three pirates with whom a posse of citizens and Deputy Sheriff Louis Chapterite of Mackinaw county, had a battle on the straits of Mackinaw Sep-tember 18, the day following the nobery. Williams rescued two prisoners from the officers at the point of two guess and escaped on a craft down the straits. The officers and popes had forgotten their ammunition and were pow-urless in the bands of the pirates. In this fight, Joseph Murray, one of the attisens was shot through the hand.
